## Studentai sako...

***“Before going to South Korea, I have already traveled a lot inside and outside Europe. Nevertheless, this experience of studying in Pukyong National University was unforgettable in both educational and cultural way. It was really interesting to listen to the Korean lectures as the professors were using different approaches of teaching and problem-solving. Moreover, the cultural experience was something that changed my life: Asian traditions, habits and just their way of living cannot leave you indifferent! Students from PKNU created amazing program that helped me to be absolutely involved in Korea and helped me to find friends for life! If you are thinking to go or not - just do it!!”***
