

STUDIJŲ DALYKO (MODULIO) APRAŠAS

Course unit (module) title	Code
Rusų kalbos morfologija	

Academic staff	Core academic unit(s)
Koordinuojantis: doc. V. Makarova Kitas (-i): doc. A. Daugavet	Faculty of Philology, Institute for the Languages and Cultures of the Baltic, Department for Slavic Studies

Study cycle	Type of the course unit
First-cycle, BA	Compulsory

Mode of delivery	Semester or period when it is delivered	Language of instruction
Lectures and seminars	Autumn (3)	English

Requisites	
Prerequisites: Introduction to Linguistics course	Co-requisites (if relevant):

Number of ECTS credits allocated	Student's workload (total)	Contact hours	Individual work
5	130	64	66

Purpose of the course unit		
The aim of the course is to form high competence in linguistics, language and communication and deepen the students' understanding of language system, develop analytic and critical thinking, as well as their theoretical and practical knowledge of word structure in modern Russian, derivation types and the morphological system in general. The course also provides the students with the ability to apply this knowledge in spoken and written language and develop spelling skills.		
Learning outcomes of the course unit	Teaching and learning methods	Assessment methods
- systematizing the students' knowledge of the structure on the Russian language and expanding their understanding of grammatical meaning, grammatical category and grammatical form	Problem-solving, explanatory lectures and discussions	Participation in seminars, commenting
- recognizing grammatical forms in context (morphological analysis), deriving and appropriately using inflectional forms of any word class (morphological synthesis)	Work in pairs and groups, analyzing individual cases	Practical tasks, participation in seminars, tests
- using explanatory and grammatical dictionaries to establish grammatical features of a word	Analyzing and presenting individual cases	Learning practical skills, presentations
- learning correct spelling on the basis of morphological information	Problem-solving, providing argumentation	Commenting, opinion-sharing, tests

Content	Contact hours							Individual work: time and assignments	
	Lectures	Tutorials	Seminars	Workshops	Laboratory work	Internship	Contact hours, total	Individual work	Tasks for individual work
1. The notion of grammar. The most important figures in the development and study of Russian grammar as a linguistic discipline. Derivation and inflection as two aspects of grammar and linguistics in general.	2		2				4	4	Comparing and analyzing handbooks and dictionaries. Presentation.
2. The object of morphology. Lexeme vs wordform. Grammatical properties of words. Grammatical meaning, grammatical category, grammatical form.	2		2				4	6	Reading theoretical literature. Oral and written practical tasks. Work with dictionaries.
3. The grammatical structure of Russian. Principles and	4		4				8	6	Reading theoretical

criteria for parts-of-speech classification. Open and closed word classes. The modern parts-of-speech system: derivation, inflection, morphological analysis									literature. Work with schemes.
4. The modern parts-of-speech system: nominal inflection, morphological analysis	6		4				10	12	Reading theoretical literature. Morphological analysis. Work in groups.
5. The modern parts-of-speech system: verbal inflection, morphological analysis	6		4				10	12	Reading theoretical literature. Morphological analysis. Work in groups.
6. The modern parts-of-speech system: adverbial inflection, morphological analysis	4		6				10	8	Reading theoretical literature. Discussion, individual work.
7. Function word classes; interjections, participles, modal words.	4		6				10	10	Oral and written exercises. Discussion. Test.
8. Summary. Preparation for the exam.	4		4				8	8	Discussion. Revision.
Total	32		32				64	66	

Assessment strategy	Weight %	Deadline	Assessment criteria
1. Test 1	30%	October	Test consisting of open-ended questions. 10 points maximum.
2. Test 2	30%	December	Morphological analysis. 10 points maximum.
3. Exam test	40%	January	Test: open-ended questions and open and close-ended tasks. 10 points maximum.
